Greenhouse Gas Management Certificate

How to Apply

To apply for the Greenhouse Gas Management certificate program, complete an application online. Applicants will need to create a profile at gw.force.com and complete the appropriate application form. Additional requirements for admissions must also be submitted through the online system and can be found by clicking here.

Once a prospective student applies, the application is reviewed by the Engineering Management and Systems Engineering (EMSE) Admissions Committee. Non-degree students will not have to submit letters of recommendation or Statement of Purpose.

International students don’t have to pay the International student fee if they don’t come to the U.S. All degree and certificate-seeking students must pay the Matriculation fee.

Requirements

The Department requires that the applicant have a suitable bachelor’s degree in an area such as engineering, a physical science, or mathematics from a recognized university with a B or better average for the last two years of undergraduate study.

For applicants with a bachelor’s degree different from those mentioned above, admission may be considered predicated on significant work experience... in a relevant field.
Details of the Application Process

During the application process, you will encounter all sorts of new and strange items and it may be difficult to find the correct answer to some questions. As a guide, here are some points to remember. **APPLICATIONS FOR SPRING 2017 ARE DUE NO LATER THAN NOVEMBER 15, 2016.**

A) **To select the program** within the application. This graduate certificate is a Graduate Program, in the School of Engineering and Applied Science, within the Engineering Management field of study, with no applicable concentration, and is currently accepting applications for Spring 2017 and Fall 2017.

B) It is **optional** to upload letters of recommendation under the "Recommender" section of the application.

C) It is **optional** to upload unofficial transcripts of your existing degrees.

D) It is **required** to pay a US$ 75 application fee.

E) Applications are reviewed on a monthly basis. **Notification of acceptance** into the program for SPRING 2017 will be emailed by December 15, 2016.

F) Upon acceptance into the program, a **registration fee** of $35. This fee applies regardless of whether you will be pursuing a graduate degree, the certificate, or simply taking a course or two of the four available (EMSE 6290-EMSE6293).

G) **Tuition** is US$995 per credit hour (i.e. $2985 for the first course, EMSE 6290) and payment is due by January 5, 2017.

Notes

**GHG online courses can count as electives in our regular on-campus graduate degree programs.**
